

“Multi-generation Sugarloafers” Add your family to our album!

To help celebrate Sugarloaf’s 60th Anniversary, the Ski Club initiated a project to gather photographs of families who claim three or four generations of Sugarloaf skiers. In just a short time we have gathered pictures for nearly 40 families, several with four generations of faithful skiers!

This ongoing project, with real life and digital albums, documents the loyalty of “Sugarloaf’s Skiing Families”. Each 3- or 4- generation family (any 5-gen’s out there?) will have a page in the album, with one or more photos - on-snow or not, past or present, small groups or large, complete families or not - and text such as photo captions, the names of each generation’s Sugarloafers, and dates. Dig through your photos, and add your family to our albums.

Send your photos and family information to the Ski Club – by email to sugarloafskiclub@roadrunner.com, or by USPS to Sugarloaf Ski Club, Village West #13, Carrabassett Valley, ME 04947, or deliver them to the Ski Club office. For more information about the project, contact Mary Hunter at marlhunter@aol.com.

Guidelines: Digital photos should be sent in the original file when possible, the larger file size the better; jpeg is preferred. Send the file as an attachment to an email. Printed photos can be scanned (at high resolution) and sent, or send the photo for us to scan, and we’ll send it back to you. Questions? Contact Cindy Foster: cindy@thefosters.me, or 237-3711 (winter) or 644-1334 (summer).

Check out the album at the Ski Club booth during Homecoming Weekend.
